ForceFlex Mechanics Gloves

Mechanics Gloves

PRODUCT DESCRIPTION:

The ForceFlex® mechanics gloves line provides the ultimate back of hand protection while providing full flexibility and range of motion. The Y300 full finger style features ergonomically designed Clarino® synthetic leather palm pad, injection molded TPR padding on the back of hand and fingers for full dorsal metacarpal protection, and extra tacky fingertips. The yellow mesh fabric backing provides comfort and breathability. The Y300 is constructed with a neoprene slip-on cuff with side flex panels for ease in donning and doffing.

FEATURES:

- Injection molded TPR padding on the back of hand and fingers
- Yellow mesh fabric backing
- Neoprene slip-on cuff with side flex panels
- Terrycloth on back of thumb for perspiration

APPLICATIONS:

Automotive Assembly, Carpentry, Automotive , Construction, Farming, Landscaping, Material Handling, Road construction, Warehousing
